

RSAC PROGRAMS FEES AND NDIS RATES

With the introduction of NDIS and transition for some participants to this funding our hope is that fundraising will be better able to support those without funding, with NDIS covering costs for those with plans.

* RSAC rates are subsidised by fundraising, grants and donation,

* NDIS fees are charged at published NDIS rates and more accurately reflects costs of providing service and required administration. Fees will be adjusted if NDIS rates change.

* RSAC is flexible to support reduced rates for participants in genuine cases of hardship, apply to Treasurer or Executive Officer for this consideration.

* Term Fees are inclusive of all sessions, regardless of attendance, or choose to pay the weekly rate.
